- View images in iPad

A mobile scanner that scans anywhere, anytime

Experience the efficiency and convenience of a truly mobile scanner! Powered only by batteries, the MiWand 2 Lite is a mobile scanner that allows you to scan without a computer or software. Simply gliding the scanner over the surface of a page and the scan is done. The images are then saved to a microSD card up to 32G.

A fast and high-performance scanner

The scanner is small and portable. Yet, the Avison's MiWand 2 Lite delivers outstanding performance. As you move the scanner over an area as large as 8.5 x 14 in., its sensitive color image sensor scan at 1200 / 600 / 300 dpi resolution in 24-bit true color. The high-quality images are saved to a JPEG or PDF format in microSD card. What is best, the MiWand 2 Lite takes only 1.6 seconds to scan a full page at 300 dpi in color.

1	Ready / Error LED	Show ready status, scan in progress, or error
2	SD card indicator	Pictures will be stored in microSD card
3	Color indicator	Color or BW (Black and White)

Through the mini USB port, the scanned documents can be easily transferred to iPad (with additional iPad Camera Kit) or any SmartPhone which supports USB Host or OTG capability.

Dual Rollers

Wireless design, scan images anywhere

The brand new portable scanner can be operated with a single hand. Powered by a batteries, you do not need to carry a heavy power adapter and hunt for an electric outlet anymore! Since no computer is required to start a scan, you can carry it to anywhere, anytime! Whenever on the road, in a plane, a car or a café, you can digitize almost everything right away!

Whether standing or sitting, you can complete your scan by simply gliding it over a surface. Even the posters on the wall or a pretty carton can be easily digitized!
